More Comfort, Better Performance

LS-100 and LS-200 Comfortland Elastic Lumbar Supports

LS-200 Deluxe

LS-100 Premium

Easy double pull system

Comfortland Medical elastic back supports provide professional grade quality and durability at an incredible value. Easy to apply and adjust, our elastic supports feature a rugged elastic construction and a double pull system for stability and control. Designed for prophylactic use, to help support and enhance posture, and to provide compression and heat retention, Comfortland Medical elastic back supports are the right choice for your retail needs.
